

## MISSION STATEMENT

**Serenity Rehabilitation Center, Inc.** will provide excellent care in our medication-assisted treatment and supportive services programs for individuals suffering from substance use disorders (SUD) and any other mental health challenges. We believe SUD is a disease that can be fatal if untreated. At the Serenity Rehabilitation Center, Inc. we will treat our clients with dignity and respect in all phases of their treatment experience. Our therapeutic goal is to implement current research findings in our service deliveries. Serenity Rehabilitation Center, Inc. will also be a resource to the community we serve by helping to educate the public on the disease of addiction and advocating at all times the value of treatment in improving the welfare of our communities. SRC staff will at all times keep our mission statement as the guiding principle in their work. The mission is to provide the best services in the State of Michigan.

## OUR GOAL:

Our Goal is to provide a high level therapeutic interventions in a short period of time to consumers who are experiencing severe levels of distress. Not limited to just children and adolescents but adults too. Services can be provided up to 6 hours per day working with clinicians and their families on achieving goals identified in their person centered treatment plans. The philosophy is that individuals and their families receive high quality intensive mental health care in the least restricted environment and they attend the program to learn proactive coping skills to empower the client to enhance growth and to gain the necessary skills to reach their full potential.
